## A MESSAGE FROM THE ORGANIZERS

We would like to welcome you to the 11th Future of Freedom Conference here at Long Beach City College.

We continually strive to bring you the very best libertarian conference around by including the *most accomplished* intellectuals in the movement, as well as young up-and-coming thinkers, in our slate of speakers.

Our main concern at the conferences is to provide a social and informational forum that will increase your awareness of personal liberty and economic freedom.

We hope that such awareness will eventually filter into the main stream of society and indeed create a future of freedom.

Tradition

Libertarian Toastmasters

The Toastmasters program will help you learn to communicate your ideas. The other members of your Toastmasters club are learning to do the same thing and they'll be glad to help you. The program was designed by professionals and there's no limit to how far it can take you in your self-development.

Give communication and leadership a try. After 50 years of development, the Toastmasters program has to be good. More than a million participants thought so.

Would you like to be more effective in getting your ideas across? Can you see the advantages of being able to speak well before a group? Is it worth an hour of your time to improve in these areas? If so, come to the "Public Speaking Workshop" Saturday, October 22, from 3:00 to 4:00 p.m. in Room 250.

This workshop, hosted by the Southern California Libertarian Toastmasters Clubs, will teach you some of the basic speaking techniques on how to identify and state your purpose, and how to construct a speech. So, spend an enjoyable hour learning specific skills you can start using tomorrow!
